

SKYWAY SURGERY CENTER

625 6TH Avenue South, Suite 150

727-440-4888

PRE-OPERATIVE INSTRUCTIONS

1. Please bring a list of **ALL** current medications including any vitamins, supplements, over the counter, or as needed medications. Please include dosages, how often you take them, and the reason you take them.
2. **Nothing** to eat or drink including **WATER**, candy, mints, or gum after midnight.
3. Medications must be approved by medical staff so please contact facility about what to take and not to take.
4. No alcohol or smoking the night before your surgery or the morning of your surgery.
5. Do not wear any perfume, cologne, lotions, or make-up if you're having surgery involving your face. Remove all jewelry, including any rings, earrings, or body piercings.
6. Leave all valuables at home.
7. All females will be required to take a urine pregnancy test if you have started your menstrual cycle per anesthesia guidelines unless you have had a hysterectomy or have not had your period in at least 2 years.
8. You will need someone to drive you home as well as stay with you after surgery for 24 hours. (No minors) **No Public Transportation including Uber!**
9. Bring your insurance card and driver's license.
10. Review any items or supplies the surgeon suggested you may need after surgery and obtain them before the day of your surgery.
11. If you have an Advanced Directive (Living Will or Durable Power of Attorney) please bring a copy for your chart.
12. Wear comfortable loose fitting clothing. Wear a button up shirt preferably if you are having ear surgery.
13. Be sure to read "The Conditions for Coverage" in the pamphlet your surgeon provided.

If you're running late or need to cancel please call 727-440-4888
